## **“Calvary Automation Systems to Exhibit at the Sensors Expo & Conference – The Leading Sensor Event in North America – Taking Place in Rosemont, IL June 7-9, 2010.”**

**Rochester, New York (May 27, 2010)** – Calvary Automation Systems will participate as an exhibitor at the Sensors Expo and Conference taking place June 7-9, 2010 at the Donald E. Stephens Convention Center in Rosemont, IL in **Booth 91**.

Sensors Expo is dedicated to exploring the most up-to-date innovations in sensor technology including physical sensors, sensor networks, biosensors, energy harvesting, MEMS/Nanotechnology, instrumentation & controls, intelligent systems, machine-to-machine communication, wireless sensing and IT Technology. Sensors Expo & Conference identifies cutting-edge trends, explores them in an information-packed conference program, and reflects those trends throughout the exhibit floor with new product announcements, technology focused tours and a showcase of hundreds of products and services.

Calvary representatives will be available to discuss how we can be your company’s **“Global Supplier of Automation Solutions!”**

Our tradeshow representatives will be available to discuss:

### **Pre-Engineered Solutions**

- Quicker to Market
- Lower Cost of Manufacturing
- Helping achieve Six Sigma

### **Flexible and Modular**

- Introduce new parts at low cost
- Run High Mix/Low Volume

## **ABOUT CALVARY AUTOMATION SYSTEMS**

Calvary Automation Systems is recognized as a leading manufacturer of special machines, turnkey automated systems, and specialized fixturing. **Our commitment to quality and fast response is the heart and soul of our business growth.** We deliver machines and tooling with quick delivery dates and difficult design tasks that most companies can't meet. We are a dedicated world-class and global supplier of a wide variety of automated machines and machined components. Many of Calvary Automation's customers are in the automotive, consumer product, electronics, alternative energies and medical device industries.

**The focus on the customer's needs is fully supported by Calvary's sophisticated project management system,** where emphasis is placed on procedure and communication throughout all phases of the project. From the design to the debug stage of equipment, customers are fully involved. Target dates are reviewed bi-weekly to insure on time deliveries and job tracking is fully documented.

**Our mission has always been to provide our customers with benchmark quality, cost, and delivery.** We pride ourselves on providing exceptional service during and after product delivery. Calvary's people understand that customers face demanding "JIT" schedules in today's competitive environment.

Calvary Automation realizes the proprietary nature of our customer's projects and processes. Calvary's engineers and trades people are experienced in dealing with security issues and will often partition off the equipment to ensure a customer's private information remains secure. Calvary Automation has built a reputation for quality and service, which keeps our customers coming back to us. **Our service department is on call 24 hours a day and staffed with seasoned professionals.**

## **ABOUT QUESTEX MEDIA GROUP, LLC.**

The Sensors Expo & Conference is produced and managed by Questex Media Group, LLC, a global, diversified business-to-business integrated media and information provider, headquartered in Newton, MA. For information, visit [www.sensorsexpo.com](http://www.sensorsexpo.com).
